Programme overview

Cambridge exams can feel challenging for students and parents alike. Our online **Cambridge Booster Programme** gives students guided practice with Cambridge past papers, so they become familiar with exam questions, marking expectations and time management before their exams.

The programme prepares students for the **February–March 2027 Checkpoint** examinations and the **May–June 2027 IGCSE, AS Level and A Level** examinations. In each class, students work through past papers with guidance, review their answers and learn how to approach exam questions more confidently.

Who the programme suits

🎯

Students preparing for Cambridge **Primary or Lower Secondary Checkpoint, IGCSE, AS Level or A Level** assessments.

📄

Students who **know the content** but want more practice with real exam questions and mark schemes.

⏱️

Students who need to improve **exam technique and time management**.

Please note: this is an exam-preparation programme. It does not replace teaching a full Cambridge syllabus from scratch; students who need to learn an entire syllabus from the beginning may need a full course instead. Each student's exam readiness depends on the official Cambridge examination timetable that applies to them.

OUR METHOD

The Past Paper Intensive approach

Every class is built around Cambridge past papers. Rather than re-teaching the whole syllabus, we focus on what matters most in the final months: understanding the questions, earning the marks and managing the clock.

1 — Solve
Students work through real Cambridge past-paper questions with guidance.

2 — Mark
Answers are checked against mark-scheme expectations, so students see how marks are earned.

3 — Review
Common mistakes are discussed and students learn from their own errors.

4 — Time it
Students rehearse exam technique and time management under exam-style conditions.

📚 Past-paper-based learning

Every session is built around solving and discussing Cambridge past-paper questions and understanding mark-scheme expectations.

💪 Exam confidence

Students strengthen question interpretation, accuracy and time management through guided past-paper discussion.

✅ What's included

- ✔ Live online classes, 60 minutes each
- ✔ Past-paper discussion for the selected subject and level
- ✔ Mark-scheme expectations and common-mistake review
- ✔ Exam technique and time-management practice

ℹ️ Good to know

- No separate mock-test sessions
- Not a full syllabus course from scratch
- Grades and exam results are not guaranteed
- Effort between classes makes the biggest difference

AS & A Level Mathematics classes rotate through three components: **Pure Mathematics** **Mechanics** **Statistics**, subject to the student's Cambridge syllabus and paper combination.

QUESTIONS

Questions parents ask

Q What is the Cambridge Booster Programme?

A Past Paper Intensive preparation programme for Cambridge qualifications, delivered online by BrightPath Academy.

Q Which Cambridge levels are available?

Primary Checkpoint, Lower Secondary Checkpoint, IGCSE, AS Level and A Level. Subjects differ by level; see the timetable in this handbook.

Q When do classes begin?

From Monday 16 November 2026, following the fixed weekly timetable. Checkpoint classes run until 26 February 2027; IGCSE, AS and A Level classes until 30 April 2027.

Q How does payment work?

Rp2,500,000 covers one package of 8 sessions for one subject. If more than 8 sessions are needed, additional sessions are charged separately and the fee is confirmed by BrightPath Academy.

Q Are classes focused on past papers?

Yes. Classes centre on solving and discussing previous papers, mark-scheme expectations, common mistakes and exam technique.

Q How will the programme help my child?

Students practise with real question styles, learn how marks are earned, review their own mistakes and rehearse time management. We do not guarantee higher grades or specific score improvements.

Q Are the dates and times final?

Yes. The class timetable and calendar are final. Any later change will be announced in advance.

Q How can I ask about availability and registration?

Message or email BrightPath Academy using the contact details at the back of this handbook.
